Hello LNSC,

I hope this finds you all well. We have had many illnesses of late, and my prayer is that all are on the mend.

I would like to highlight the Chicken Pickin Committee Heads-Vickie Smith, Sandy Wilson, Pat Hensley and Marilyn Whipp. Or.....as I lovingly refer to them as our "Crazy Blondes"! These ladies and their helpers (too many to name) did a fabulous job. They worked endless hours, days, weeks, months on this project! Congrats Ladies!

We have a few date changes. Please mark your calendars:

April meeting-Friday April 5

May meeting-May 11

July meeting-June 29

FYI-Wanda is on the road again. If anyone needs SOS cards, you can pay Marianna and Wanda will mail them to you.

Looking forward to seeing you all on Saturday. Jr Norfleet will be our DJ. Taylor and Carol will be teaching a Shag step following the meeting.

Many thanks LNSC,

Del

Chicken Pickin 2019

The Chicken Pickin Blondes would like to thank each committee chair for attending each meeting and making sure each detail of your activity went smoothly.

Thank you also to each person that helped with any of the activities that we had this year....we couldn't have done it without "Y'all"

It takes a lot of planning and a lot of imagination to make sure this crowd is engaged and having a great time and we believe that our LNSC along with our visitors had a great time at the "2019 Chicken Pickin"

Hee Haw

The Chicken Pickin has Mason Jars with Lake Norman logo on them for sale...\$5 and bottle Koozies for \$5. Vickie Smith will have them at the next meeting!

What does Hee Haw and LNSC Chicken Pickin' have in common? Fun! Laughs!, Interesting characters!, but best of all good friends getting together and making both BIG HITS! What a great time everyone had at the Pickin' this year. The 5 Blondes went above and beyond to plan all the activities, decorate the OD Arcade and make sure all enjoyed themselves.

The Blondes even invited several celebrities to join in on the fun. It was amazing how the Gossip Girls looked so similar to several of LNSC members. Just coincidence, I guess. We did learn not to spread gossip, so I won't mention how I think maybe they were not the originals! The word is spreading about how much fun there is at the Pickin'! Even Uncle Jed and Granny all the way from Beverly Hills came to visit and do a little shaggin'. The weather was warm for a couple of days and I heard Uncle Jed mention he was looking for the cement pond. GrandPa Jones made a couple of appearances to provide the menu. I don't know about you, but what I was eatin', couldn't be beatin', everybody was full, and that ain't no bull! Well that is enough rhyming.

A first for the CP was the Liquor Luge. WOW! What a hit! Not an easy task to have it made, transported to Ocean Drive and set up. There were a 'few' Fireball shots that went sliding down the luge into waiting lips. Well probably more than a few because the Fireball yell was heard many times. Thank you, Nathan and Kathy, for a great idea!

A BIG THANK YOU to all LNSC members who volunteered to help with the Chicken Pickin'. Thank you to the OD Arcade staff for all they do for us. Most of all thanks to all our guests for coming to the Chicken Pickin'. We are thankful you are our friends. Can't wait to see what the 5 Blondes (hint, hint) have in store for us next year!

Sparkles, glitter and halo traction!

Scoliosis patient fashionably prepares for surgery

Seven-year-old Lillie can be identified in a crowd by her sparkly mermaid backpack, her glittery tennis shoes and the big bows that often adorn her hair. Lately, she has another accessory - her halo traction - that is helping to prepare her for her upcoming spine surgery.

"Lillie has been coming to Shriners Hospitals for Children — Greenville for almost five years," said her mother, Elizabeth. "She has multiple orthopedic issues, but her main one is her scoliosis."

The fifth patient at the Greenville Shriners Hospital to undergo halo treatment, Lillie had a curve in her spine that was too severe to operate on safely. Over the past several weeks, daily pressure has been added to the spring traction connected to her halo traction device, pulling up on the spine and decreasing the curve. Soon, she will be ready to have the surgery that will help to broaden her possibilities and open new doors.

"Shriners is hope and possibilities," said Elizabeth. "Before this hospital, we were told only of the things Lillie would never do. Now we know the possibilities are endless. She does things her own way and in her own time."

As she and her mother prepare for what is to come, Elizabeth also takes time to reflect on what Shriners Hospitals for Children — Greenville has meant to them.

"This place is not just a hospital," she said. "It becomes a part of your family and your cheer squad. They all hope and dream with you and are just as ecstatic about reaching new milestones as the kids and parents are."

With the support of her family and the Greenville Shriners Hospital staff, Lillie will continue to grow in exciting ways, and her future will be as bright as the sparkles she loves to wear.

Stuff We Didn't Know Part 2

SHOWBOAT

These were floating theaters built on a barge that was pushed by a steamboat. These played small towns along the Mississippi River. Unlike the boat shown in the movie "Showboat" These did not have an engine. They were gaudy and attention grabbing which is why we say someone who is being the life of the party is showboating".

OVER A BARREL

In the days before CPR a drowning victim would be placed Face down over a barrel and the barrel would be rolled back and forth in a effort to empty the lungs of water. It was rarely effective. If you are over a barrel you are in deep trouble.

BARGE IN

Heavy freight was moved along the Mississippi in large barges pushed by steamboats. These were hard to control and would sometimes swing into piers or other boats. People would say they "barged in".

HOGWASH

Steamboats carried both people and animals. Since pigs smelled so bad they would be washed before being put on board. The mud and other filth that was washed off was considered useless "hog wash".

CURFEW

The word "curfew" comes from the French phrase "couvre-feu", which means "cover the fire". It was used to describe the time of blowing out all lamps and candles. It was later adopted into Middle English as "curfeu", which later became the modern "curfew". In the early American colonies homes had no real fireplaces so a fire was built in the center of the room. In order to make sure a fire did not get out of control during the night it was required that, by an agreed upon time, all fires would be covered with a clay pot called-a "curfew".

BARRELS OF OIL

When the first oil wells were drilled they had made no Provision for storing the liquid so they used water barrels. That is why, to this day, we speak of barrels of oil rather than gallons.

HOT OFF THE PRESS

As the paper goes through the rotary printing press friction causes it to heat up. Therefore, if you grab the paper right off the press it is hot. The expression means to get immediate information.
